Reading Books

Danijel Susakovic

Hi there,
I build things for the web.

I'm a Bosnia and Herzegovina-based Webflow Developer. In addition to this, I am studying HTML, CSS, and JS to develop my full-stack programming skills. I am a problem-solver and an independent worker, and I pay close attention to details. Working on challenging projects with inspiring individuals and being interested in the entire frontend spectrum. Family is what matters most to me as a husband and father. I'm a huge optimist and always seeking the good in life.

Communication skills
■ Excellent communication skills with clients gained through my experience as technical support and company manager (as team leader and being part of a team) in DSL Elektronika
■ Absorbing, sharing, and understanding the information presented
■ Respecting other's points of view through engagement and interest
■ Listening to others when they communicate, asking questions to better understand

Organizational/managerial skills
■ Good team-leading skills gained as company manager
■ Attention to details
■ Meeting deadlines

Job-related skills
■ Familiar with all types of computers
■ Careful person
■ Problem Solving and Organisation skills
■ Ability to work under pressure
■ Confidence

Work experience

Company Manager
May 2017 - Present

DSL Elektronika, Gradacac

Responsible for overseeing business operations across departments, hiring new staff, resolving employee and client issues, motivating teams, etc.

Network/System Administrator
Jan 2013 - May 2017

DSL Elektronika, Gradacac

The everyday operations of an organization's computer networks are supervised and maintained by network and computer system administrators. I used to assess the network's hardware and software requirements, implement updates, and keep things secure. Worked in software "The Dude", by MikroTik for network monitoring and PRTG.

Technical Support
Dec 2010 - Jan 2013

DSL Elektronika, Bosanski Samac

Providing information about our internet services, internet status, and working with our field workers.

Education and Qualifications

Economic Technician   Sep 2005 - Jun 2009
SSC Nikola Tesla, Bosanski Samac

PHP Web Development   Sep 2019 - Dec 2020
ITAcademy, Banja Luka

JavaScript Web Development   Mar 2022 - Present
ITAcademy, Banja Luka
